CHASE
NURSERY CO.

(Incorporated)

CHASE, ALABAMA

OUR 27th YEAR

HENRY B. CHASE
President

ROBERT C. CHASE
Secretary-Treasurer

Chase, Alabama,
September 20, 1917.

To the Trade:

Not only have we a nice lot of good nursery stock to offer this season, but the finest corn and pea and cattle and hog crop we have ever had. Last spring President Wilson told us that the South must feed herself or go hungry this year. Some of the photographs in this catalog will show you how we obeyed this command—note the corn growing in every vacant space in the nursery, and pea vines growing even in the turnrows. Do you know that Alabama leads all the Southern states with an increase of 25% in its corn acreage this year? With cotton selling at ? (who knows how high?) and no corn to buy, Alabama is in pretty good shape, thank you. This applies largely to the whole South and the nursery business is bound to be good in this territory. The West and Southwest with big crops, and the assurance of big prices, will use a pile of nursery stock this year. The North and East with every industry booming, its people making and spending more money than ever before, buying and building new homes in every manufacturing center, will plant more ornamentals and nursery stock of all kinds than ever before. So, let's be as cheerful as we can, let's prepare for the biggest and best business we have ever had; it is bound to come.

This is our twenty-seventh annual Trade List, and about as complete as any we have ever issued. Your orders will have our very best attention.

With genuine appreciation for every order that you have entrusted to us in the past, we are,

Very truly yours,

CHASE NURSERY COMPANY.

SPECIAL NOTICE—This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds, and do not authorize dealers to use our name.

BROWN PRINTING CO. MONTGOMERY.

TERMS AND CONDITIONS

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

The risk and cost of transportation belong to purchaser.

CREDIT

Usual terms to parties of known responsibility. We will not accept orders until we believe the buyer is good for the account. Cash before shipment required from parties unknown to us, or references with sufficient time for investigation before shipment.

PRICES

We quote prices per 10, per 100, and per 1,000, as our stock warrants, and will supply nurserymen and dealers at prices named regardless of the size of the order, except in cases of long assorted lists of small quantities, when an additional charge will be made to cover the extra labor involved. **Prices are subject to market changes.**

GRADES

We grade liberally by caliper and height. When both are specified, caliper measure governs, but we are careful to see that stock is uniform throughout. Our rule is: **"When in doubt, put it in the lower grade."**

All stock is graded and bunched in our storage houses, where we have water in abundance. Stock is handled from field to these buildings under large tarpaulins and roots kept moist until boxed.

BUNCHING

Fruit Trees, 1 to 2, 2 to 3, and 3 to 4 feet, are tied 25 to the bunch; all larger grades, 10 to the bunch. Please make your orders in multiples of these quantities.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, **we are not liable for delays in transit; our responsibility ends upon delivery in good order to railway company.** Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. Any other claims must be made immediately after receipt of stock.

NON-WARRANTY CLAUSE

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds, bulbs or plants we sell.

SUBSTITUTION

We do not substitute unless instructed to do so, and then label true to name.

CODE WORDS—TELEGRAPHIC ORDERS

When more than one grade is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words in connection with Nurserymen's Telegraphic Code, a copy of which we will mail upon request.

BOXING

Charges as low as possible for well-made boxes, paper-lined:

30x30-in. heads, 7 to 9 feet in length	$3.00
24x30-in. heads, 7 to 9 feet in length	2.75
24x24-in. heads, 7 to 9 feet in length	2.50
18x24-in. heads, 7 to 9 feet in length	2.00
18x18-in. heads, 7 to 9 feet in length	1.50
15x15-in. heads, 7 to 9 feet in length	1.25
12x12-in. heads, 7 to 9 feet in length	1.00

On orders for roses, small fruits, etc., we can frequently use dry goods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales, 25 cents to $1.50, according to size.

REFERENCE

For those who do not know us we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

2 to 3 ft., mostly whips	Nostril	12.50
18 to 24 in., mostly whips	Notch	8.00
12 to 18 in., mostly whips	Noted	5.00
Cordiformis	**Sieboldiana**	

Indiana, May 26, 1917.—We enclose check in payment of our account in full. It looks as though the stand of Mahaleb received from you will be very good indeed. It was certainly fine stock.

FRUIT TREE SEEDLINGS

On account of war conditions we are not offering French Seedlings this season, but have contracted for American grown stocks of the following; these are bought in car lot and we can undoubtedly save Southern buyers money on this list. Prices quoted on application:

Apple, No. 1, 3/16 and up, straight.
Apple, No. 2, 2/16 to 3/16, straight.
Pear, Japan, No. 1, 3/16 and up, straight.
Pear, Japan, No. 2, 2/16 to 3/16, straight.
Mahaleb, No. 1, 4 to 6 MM.

GRAPES

	Code	2-Year No. 1	Code	1-Year No. 1
Catawba	Gab	$ 45.00	Gender	$35.00
Concord	Gable	30.00	Genial	20.00
Delaware	Gad	60.00	Gentle	40.00
Ive's Seedling	Gaff	40.00	Genus	30.00

Prices quoted on Evergreen Shrubs are for plants dug with naked roots and puddled in thick mud; if wanted balled and burlapped, add 5c each for sizes under 2 ft., 10c each for 2 to 3 ft., 15c for 3 to 4 ft., and 25c for 4 ft. and larger. We defoliate Magnolia Grandiflora before digging.

DECIDUOUS SHRUBS

All Shrubs offered are field grown except as noted, planted in wide rows with plenty of room for development. All well branched.

ALTHEA, Bush Form	Code	Per 1000
4 to 5 ft., well branched	Ail	$200.00
3 to 4 ft., well branched	Aim	125.00
2 to 3 ft., well branched	Air	100.00
18 to 24 in., well branched	Aisle	75.00

CONIFERS

All Evergreens offered have been transplanted twice, many of the larger sizes three or four times. On varieties marked with a star the price includes balling and burlapping. In our judgment these varieties should not be handled without ball. Where the star is not shown prices are figured for plants with puddled roots. If wanted balled and burlapped there will be an additional charge as follows:

Plants under 2 ft., 5c each.
2 to 3 ft., 8c each.
3 to 4 ft., 10c each.
4 ft. and up, 15c each.

Note.—We catalog all forms of Chinese Arborvitae (Biota Orientalis) under the heading of Biota, and the western or American Arborvitae under the heading Thuya.

A Poor Picture of Some Good Hills of Snow.

Everybody's Growing It, But Not All as Good as This.

PRIVET

Please note carefully following description of grades: Plants described as HEAVY carry four or more strong canes from the ground, except in the 12 to 18-inch size, which are graded three canes and up, side limbs not being taken into consideration. The LIGHT grades carry two and three canes from the ground, except in the 12 to 18-inch grade, which carries two only. All single stems are included in the TRANSPLANTING grade. All well rooted.

ROSES

Grade No. 1. Hybrid Perpetuals and Climbers graded 24 to 30 inches of wood; Teas and Hybrid Teas 15 to 24 inches, according to habit of growth. All plants stocky, with three or more canes.

Grade No. 2. Hybrid Perpetuals and Climbers graded 18 to 24 inches of wood; Teas and Hybrid Teas 10 to 18 inches, according to habit of growth.

Class and Description

To aid you in making up your orders we show class and color. The abbreviations indicate the following classes:

H. C.—Hardy Climbing; early spring blooming.

H. P.—Hybrid Perpetual; hardy, large blooming but not everblooming.

H. T.—Hybrid Tea; everblooming, a cross between H. P.'s and T.'s, hardier than Teas.

M.—Moss.

P.—Polyantha; dwarf or Baby Rambler type; free blooming.

S.—Species, or wild type of single and Rugosa roses.

T.—Tea; everblooming and fragrant; tender.

W. H.—Wichuriana Hybrid; hardy Memorial Rose.

NURSERYMEN'S SUPPLIES

Notice.—Prices on almost all Supplies change every few minutes and we cannot guarantee these prices longer than our present stock lasts. Will always make best price we can.

KNIVES

Must cut out the Wostenholm Budder this time; the supply is too uncertain. In place of Wostenholm we offer a mighty good heavy American Budder. All other knives offered are the same dependable brands as we have sold for more than twenty years.

BUDDING

Heavy American Budder. Ivory Tip. (¾ size.)

HEAVY AMERICAN BUDDER. This knife has been selected after trial as the best Budding Knife available in sure supply. After the war we shall go back to our old love (Wostenholm), but cannot get them now.

Price, each, postpaid, 85c; per dozen, postage extra, $9.50.

GRAFTING

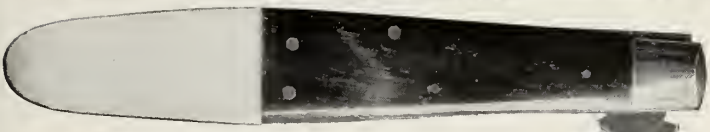
C. A. G. GRAFTER. Cocoa handle; pocket edition; 40 cts. each, postpaid. $4.25 per dozen, postage extra.

WHETSTONE

WHETSTONE. The best for budding and grafting knives. 15 cents each, postpaid.

Budders' and Grafters' Whetstone. Pocket size. Carborundum.

C. A. G. Grafter (¾ size). Grafting.



Chase's Special Ivory Tip (¾ size)

BUDDING

CHASE'S SPECIAL IVORY TIP. A good medium priced budding knife, much like the Heavy American Budder in appearance.

70c each, postpaid. $8.00 per dozen, postage extra.

Stationary Budder

STATIONARY BUDDER

(Blade does not fold)

Note shape, size, and "hang" of blade. Made for budding, but not as convenient for the pocket as the others. 30 cts. each; $3.00 per dozen, postage extra.

PRUNING

C. A. G. PRUNER. Stationary handle; full length 8 inches; length of blade 3¼ inches; well balanced "hook" and easy on the operator. Handle of hardwood fastened with three rivets set diagonally. After testing out this knife in our own work we have decided to offer it to the trade as the best Pruning Knife of reasonable cost that we can find.

Price 45c each; $5.00 per dozen, postage extra.

"Made in America" now means more—stands for more—than ever before. This slogan will now apply to our entire line of cutlery with the exception of the fine French Shears, a big shipment of which we hope will get by the U-boats safely.

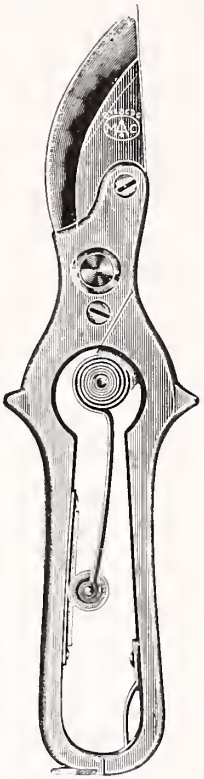
C. A. G. Pruner

PRUNING SHEARS

WATCH SPRING, FRENCH; 6 inches. Per pair, postpaid, $1.35; per dozen pairs, freight or express (weight per dozen pairs, 5½ lbs)., $14.00.

WATCH SPRING, FRENCH, 8 inches. Per pair, postpaid, $1.75; per dozen pairs, freight or express (weight per dozen pairs, 7 lbs.), $18.90.

WATCH SPRING, FRENCH; 9 inches. Per pair, postpaid, $2.20; per dozen pairs, freight or express (weight per dozen pairs, 11 lbs.), $22.00.

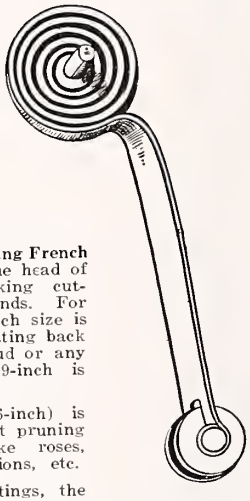


Watch Spring, French

The Watch Spring French Shears stand at the head of the list for making cuttings of all kinds. For this work the 8-inch size is just right. For cutting back seedlings to the bud or any heavy work, the 9-inch is recommended.

The new size (6-inch) is just right for light pruning of all kinds like roses, shrubs, cutting scions, etc.

In making cuttings, the shears used should make a quick, clean cut (which these shears do to perfection), and they should have a properly proportioned grip to enable the operator to do a full day's work without cramp. We have used this make for years, and find that it fills the bill better than any other we have tried. Once in a while a spring will break. We now import extra springs and can supply either size at all times.



Extra Springs for our French Shears, all sizes, 20c each, postpaid. Easily put in place.

Ladies' Pruning Shears, 6-inch, Heavily Nickeled

LADIES' PRUNING SHEARS, 6 inches. "Made in America" and, in our judgment, the best Ladies' Pruning Shears. Beautifully finished, shaped just right, high quality throughout. For all light work, for use around the roses, shrubs, etc., it just fills the bill.

Per pair, postpaid.....$0.85
Per dozen, postage extra..... 9.50

Oklahoma, January 25, 1917.—Please send us one pruning shear, French 9-inch, and two springs for same; this is the best shear we ever saw; have some that have been in service for years.

PRUNING SHEARS—Continued

AMERICAN, 9 inches. This is a low-priced, good, well built, all around pruning shear. Have handled these for years and they give full value in service. Weight, 14 ounces; volute steel spring. Per pair, postpaid, 65c; per dozen, freight or express, $5.75. Half dozen at dozen rate.

American, 9-inch

Heavy American (Special) 9-inch

HEAVY AMERICAN (Special). Extra heavy, weight 16 ounces; volute steel spring. Not highly finished but as ready as they are rough and big value at the low price of 55c per pair, postpaid; per dozen, postage extra, $5.00.

Half dozen at dozen rates.

EXTRA SPRINGS

We carry a stock of volute blued steel springs for all sizes of American Shears we offer.

Price each, postpaid 20c

CORDAGE, TWINES, ETC.

Still high in price and going higher with deliveries uncertain. We placed our orders early and now have most of the items in stock and hope to fill all orders promptly during the entire season. ALL PRICES ARE SUBJECT TO MARKET CHANGES.

Two-Ply Sisal Cord

For outside ties on express bales; breaking strength 170 lbs. The same high grade Sisal that we have sold for years. On reels of about 60 to 75 lbs. Cannot break reels. Price per pound, 26c.

Five-Ply Baling Cord

Tarred Sisal

FIVE-PLY BALING CORD

For heavy bales; breaking strength 240 lbs. A new type of baling cord made of Sisal and Jute mixed. On reels of about 50 lbs. Cannot break reels. Price, 24c per pound.

TARRED SISAL

For tying stock that goes into cellars for winter storage or into outside trenches this Tarred Sisal is best. In coils, many ends. Will break coils if desired. Price, any quantity, per pound, 25c.

NEEDLES FOR SEWING BURLAP

Best grade, five-inch, large stiff shaft, wide flat shank, sharp point and large eye. Per dozen, 40c.

Medium grade, five and a quarter inch, light and flimsy, not much in price or quality. Per dozen, 25c.

CORDAGE, TWINES, ETC.—Continued

SAIL TWINE. For sewing burlap. Best quality Jute, 3-ply. Put up in skeins and 12-pound packages. Will sell any quantity desired. Price per pound, 30c

Four - Ply Wool Twine. For tying in bunches. Put up in balls of about one pound each. Packed in bales of about 130 lbs. The strongest, most uniform wool twine made. Not loaded with "dope," will run about 260 feet to pound. In bale lots, per lb., 20c; in less than bale lots, per lb., 22c.

Three - Ply Wool Twine. For bunching small fruits, roses, etc., this is plenty strong and because of the greater yardage is cheaper than the four-ply. For fruit trees, shade trees, etc., use the four-ply. Price per pound, same as four-ply.

Bale of Wool Twine

BURLAP

With new burlap higher than ever ranging around 12 to 14 cents per yard—we shall use "Good Scrap" only this season. Have contracted for several tons of selected pieces, none too small, no rotten stock, put up in bundles of about 100 lbs. each, and can take care of your orders while this stock lasts. Price per pound, 7½c.

Scrap Burlap—Sewing (Sail) Twine

LABELS

Plain Labels **Printed Labels**

Iron Wired. 3½ inches, plain, 1,000 to package; 90 cents per 1,000, by freight or express. In 5,000 lots, 85 cents per 1,000; in 10,000 lots, 80 cents per 1,000.

Copper-Wired. Size same as above, add 25 cents per 1,000.

Printed Labels. We can furnish nearly every variety covered by this trade list, but will not sell less than 100 of a kind. These printed labels are copperwired, 2½-inch notched. Price, 20 cents per 100, postpaid; $1.35 per 1,000, by freight or express; in 5,000 lots, $1.25 per 1,000.

Label Wire **Large Head Labels**

LARGE "HEAD" LABELS. Size, 5x1⅛ inches, copper-wired, blank, painted, packed 200 in box. Price per box, 80c.

Label Wire. Best copper wire, cut 7 inches long. Per pound, $1.00.

Label Wire. Best iron wire, cut 7 inches long. Per pound, 60c.

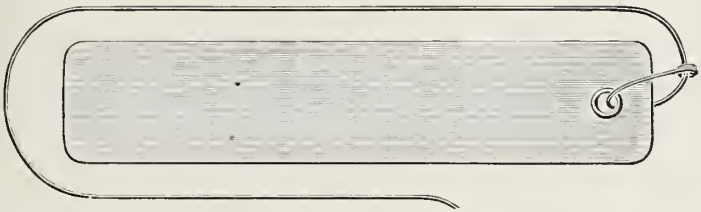
STRAWBERRY LABELS (Pointed)

Size 3½x⅞, plain, packed 500 to box, slip under string on bunches of strawberry plants. Also used in small flower pots. Packed 1,000 to box. Price per box, 65c.

FLORISTS' POT LABELS (Pointed)

Size 8x⅞, plain, packed 500 to box. Price per box, $1.65.

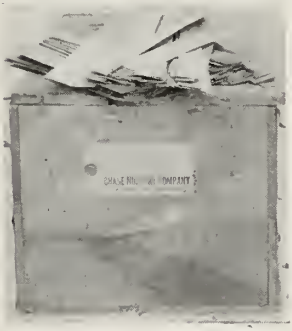
LABELS—Continued



SHEET COPPER TREE LABEL

An indestructible label for use on trees, shrubs, etc., as a PERMANENT MARKER. Directions: Lay label on folded newspaper; write with very hard pencil or wire nail bearing on to indent metal. Give wire one turn around branch, securing end in loop. Remove to smaller branch every two years to prevent cutting wood.

Price, postpaid, 25c per 10; $2.00 per 100.



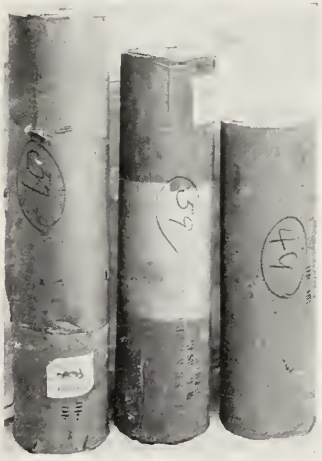
50 lb. Box Steel Box Straps

STEEL BOX STRAPS

Soft but strong; can drive ordinary nail through without punching. One inch wide, 9 inches long, about 1,400 pieces in 50-pound box. Less than 50 pounds, per pound, 12½c; 50 pound boxes, per lb., 10½c.

BOX LINING PAPER

This season we offer only KRAFT Paper. While it costs more per pound it is most economical because of its greater yardage. Put up in rolls of about 45 to 60 lbs. each; widths 30, 36 and 40 inches. Price per pound, 12½c.



Box Lining Paper

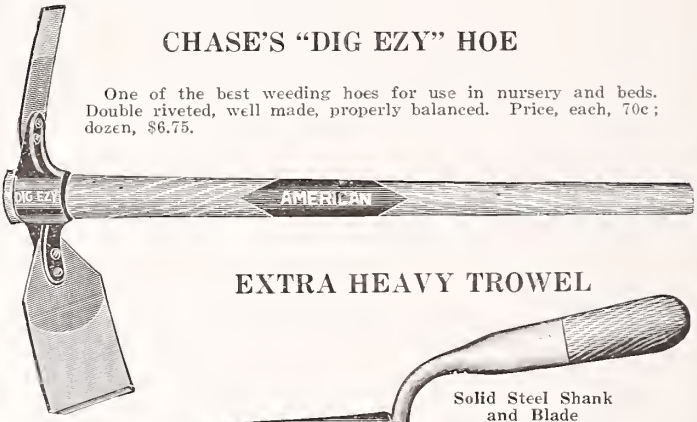
AMES NURSERY SPADE

D handle, double strapped full length of handle, tapered nursery spade; size of blade, 12¾x7½x5½; weight, 9 pounds; $2.00 each, $24.00 per dozen.

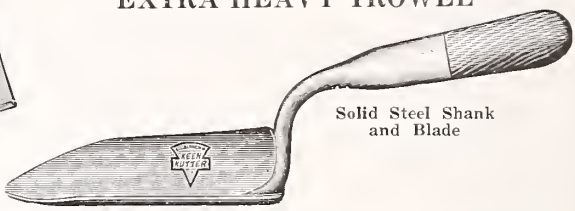
SPADE HANDLES for above spade. These handles are bent to fit, and riveted. 40 cents each, $4.50 per dozen.

CHASE'S "DIG EZY" HOE

One of the best weeding hoes for use in nursery and beds. Double riveted, well made, properly balanced. Price, each, 70c; dozen, $6.75.



EXTRA HEAVY TROWEL

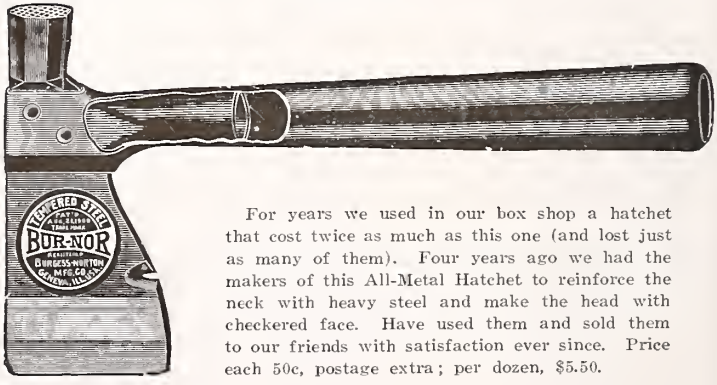


Solid Steel Shank and Blade

This is, we think, the best trowel made. Shank is solid steel. No rivets. Will last for years. 90 cents each, postpaid; 75 cents each with other goods, by freight or express.

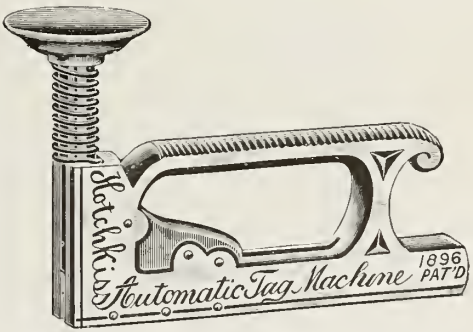
BOX MAKER'S HATCHET

Improved



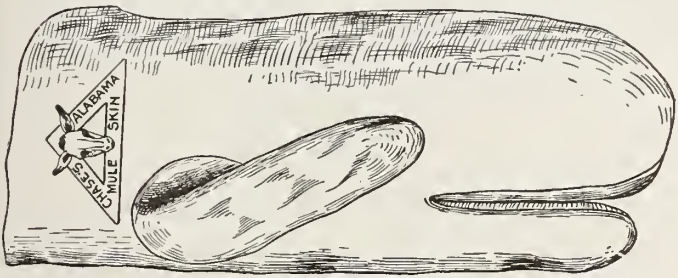
For years we used in our box shop a hatchet that cost twice as much as this one (and lost just as many of them). Four years ago we had the makers of this All-Metal Hatchet to reinforce the neck with heavy steel and make the head with checkered face. Have used them and sold them to our friends with satisfaction ever since. Price each 50c, postage extra; per dozen, $5.50.

AUTOMATIC TACKING MACHINE



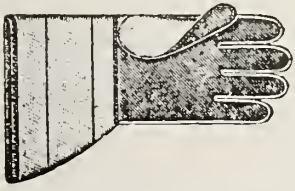
For fastening tags or cards to tree boxes, cars, etc. The slickest little labor saver in our packing house. No hunting for tacks, no finger pricks, fumbling for hammer, or lost motion. Just lay it on top of tag or card and tap the knob with palm of hand. A light tap quick as lightning will tag a box so quickly and easily that it is a joy to do it. Instead of round-headed tacks, this little machine automatically staples the tag or card in place. Guaranteed to work on any wood. Money back if not satisfactory. Will ship on 30 days' trial to any responsible nurseryman. Machine guaranteed against breakage for three years. Machine, each, $1.50. Staples, per box of 5,000, $1.60. Postage extra.

ALABAMA MULE SKIN MITTENS



A leather mitten with separate sheath for forefinger, the other three fingers in one sheath. Made from mule skin. Nearly as durable as buckskin, at one-fourth the cost. Single pair, by mail, 75c, postpaid; per dozen pairs, by freight or express, $8.00.

TREE GROWERS GLOVES



Here is a heavy Cotton Work Glove **with palm and fingers faced with leather.** Because of the high price of Mule Skin Mittens and the uncertain deliveries by the factory owing to scarcity of leather, we have added this heavy work glove to our line of Supplies. Our boys like them; warmer than all leather gloves or mittens; not as clumsy as mittens; will stand a good amount of hard work and, price considered, are mighty good value. Per pair postpaid, 50c; per dozen $5.25, postage extra. Half dozen at dozen rate.

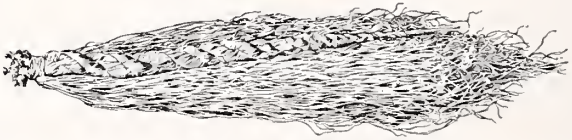
BALED SPHAGNUM MOSS

Fresh stock, bright and clean. Best quality Wisconsin Sphagnum, put up in wire bound bales size 24x14x18 inches. For long distance shipment the bales should be wrapped in burlap. Price per bale, $1.50. If wanted wrapped in burlap add 15c per bale. The weight per bale is not guaranteed because it loses in weight constantly, due to evaporation.

BALED SHINGLE TOW

Shingle Tow is difficult to obtain this season and we may not be able to supply any quantity; as this list is being printed, however, we are trying to make arrangements for a car or two of Baled Shingle Tow, and if we succeed will be able to help you out, should you be up against it for packing material. We should know positively by the middle of October.

RAFFIA



Low-priced, poor quality Raffia is expensive always. We try to get the best quality, long, white, flat strands. Can ship on short notice.

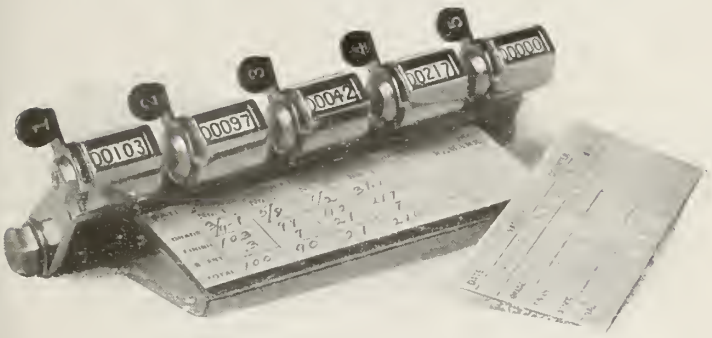
Price per pound in lots under 10 pounds.....25c
Price per pound in lots of 10 to 50 pounds.....23½c
Price per pound in lots of 50 to 100 pounds.....22c
Price per pound in full bales of about 220 pounds.....(Write for price)
F. O. B. Here.

BUNCHING

FRUIT TREES, 1 TO 2, 2 TO 3, AND 3 TO 4 FEET, ARE TIED 25 TO THE BUNCH. ALL LARGER GRADES, 10 TO THE BUNCH. PLEASE MAKE YOUR ORDERS IN MULTIPLES OF THESE QUANTITIES.

CHASE TREE COUNTER

Better than ever. Prices reduced. Note the new size—a three-dial machine



Designed by Robert Chase

These new machines are of the very latest type, extra heavy levers and springs, solid construction, heavily nickel plated. **Guaranteed for three years.** If for any reason a dial fails to work properly, send it to us to be put in order and returned without charge. The Chase Tree Counter is now used by most of the leading nurserymen.

Four-dial machine with 1,000 record cards, delivered $18.00
Five-dial machine with 1,000 record cards, delivered 20.00

Extra record cards correct size, printed like cut, 65 cents for 500; $1.10 per 1,000, postpaid.

Accurate, quick; no guess work. Place in the hands of a good man, and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block—the only method of taking a correct grade count in the field.

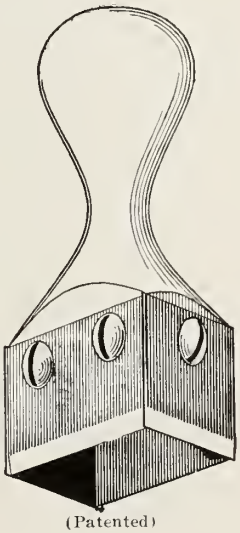
THE JONES PATCH BUDDER

Designed especially for budding Nut Trees or other subjects which cannot be propagated by ordinary methods. With this Budder, Pecans, Walnuts, Hickories, Chestnuts, Persimmons, etc., may be budded almost as easily and rapidly as the more common fruit trees are budded.

With careful work, one entirely inexperienced in propagation can get good results with this Budder right from the beginning, and with some practice, can do rapid and very efficient work.

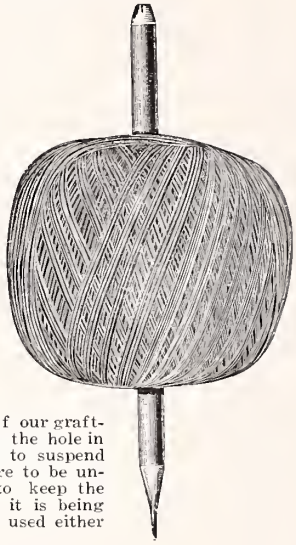
This little tool is now used by the U. S. Government, many Experimental Stations and by all the leading propagators of Nut Trees, both North and South. Made of aluminum, machined perfectly true and nicely finished. The blades are made from safety razor blade steel, but of heavier stock. With full directions for budding Nut Trees, handling the buds, preparing waxed muslin, etc.

Price $1.50 each, postpaid.



(Patented)

GRAFTING THREAD



Put up in balls and packed 20 balls to the box. A box of 20 balls will wrap about 40,000 average grafts.

Price, per ball, unwaxed.....$0.10
Price, per ball, waxed..... .15
Price, per box of 20 balls, unwaxed 1.35
Price, per box of 20 balls, waxed 2.50

(If mailed, add two cents per ball for unwaxed and five cents per ball for waxed.)

The above illustration shows a ball of our grafting thread, with a pencil run through the hole in the center. Many nurserymen prefer to suspend the ball of grafting thread from a wire to be unwound as it is used. We prefer to keep the grafting thread in warm water while it is being used, as described below. This can be used either way.

To Keep Grafting Thread in Good Condition While Using

Put a ball of waxed grafting thread into a quart cup or pan (a tomato can will do), fill it half full of water and arrange over a lighted lamp or small oil stove to keep the water warm.

Formula and Directions for Waxing Thread

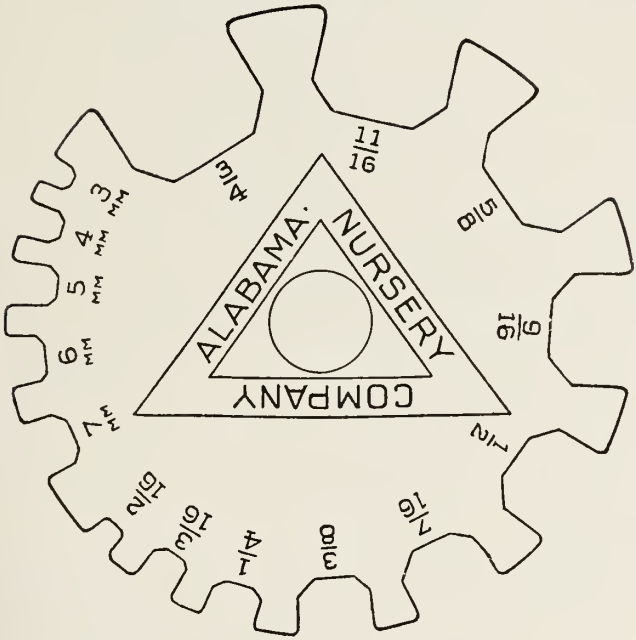
One part (by weight) tallow, two parts (by weight) pure beeswax, four parts (by weight) rosin. Put all in an open kettle and melt down. When boiling, stir thoroughly, throw in balls of thread loosely wound. When the balls sink to the bottom of kettle, the wax has gone through and they are ready to come out; when cool, are ready for use. It will require from two to four minutes for balls to sink.

GRAFTING WAX

For out-door use in top grafting fruit trees, etc. Often you have need for a small quantity of Grafting Wax and do not want the bother of mixing it. This will just fill the bill.

¼ pound cake, postpaid.....15c
½ pound cake, postpaid.....20c
1 pound cake, postpaid.....35c

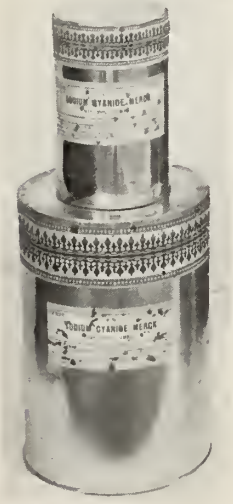
IMPROVED TREE GAUGE



Price, any quantity, 50 cents each, postpaid

Designed by Herbert Chase. Made from "Sherardized" steel (a new process of treating steel), absolutely rustproof, both sides marked alike, always right side up, guaranteed accurate within one-hundredth of an inch, indestructible, easy to read.

FUMIGATING CHEMICALS



Cyanide

Sulphuric Acid

For Prices see page 44

DIRECTIONS FOR FUMIGATING NURSERY STOCK WITH HYDROCYANIC ACID GAS

The necessary equipment consists of an air-tight chamber, (box or room), a glazed earthenware vessel, a measuring glass graduated to ounces, and a set of accurate scales. The necessary chemicals are either Cyanide of Potash (98%) or Sodium Cyanide (97-99%) and Sulphuric Acid (specific gravity 1.83). Care should be taken to secure either the 98% Cyanide of Potash or 97-99% Sodium Cyanide, otherwise an insufficient amount of gas would be generated. This chemical must be kept in air-tight containers and so packed will keep indefinitely. It is a deadly poison and should not be left where it will fall into the hands of children or careless persons, and should never be handled by a person having open sores, cuts or bruises on his hands. The gas is colorless and if inhaled in quantity is fatal; smaller amounts induce headache or dizziness.

The best commercial grade of Sulphuric Acid should be used. This Acid must be kept in a glass or earthenware vessel tightly stopped with a glass or lead stopper. Be sure that your fumigating box or room is air-tight or gas-proof.

The standard formula for fumigating each 100 cubic feet of space contained in the fumigating house is as follows:

1 oz. Cyanide of Potash (98%) or ¾ of 1 oz. Sodium Cyanide (97-99%).

2 Fluid oz. Sulphuric Acid.

4 Fluid oz. Water.

The glazed earthenware vessel should be somewhat larger than is necessary to hold the chemicals. A one or two gallon jar is perhaps the best container.

The trees, as dug and brought from the field, should be placed in the fumigating house, care being taken to see that they are free from any considerable quantities of mud or dirt. The trees should not be fumigated when they are wet, as it has been shown that in this condition they are likely to be injured by the gas. When the compartment is full of stock, close all openings except the door. Place the jar on the floor near the middle of the room, pour in the required amount of water, and then slowly pour in the acid. The cyanide previously weighed and inclosed in a tight paper bag is now dropped into the jar and the operator leaves immediately and closes the door tight. The steps in this operation should never be varied. If water is poured into the acid, a violent action takes place and may be the cause of injury to the operator. Inclosing the cyanide in a paper bag makes it convenient and safe to handle and retards the generation of the gas for a moment after being dropped, thus allowing time to leave the room and close the door securely.

Keep the room closed for forty minutes, at the end of which time the door and window should be thrown open, care being taken to avoid the outward rush of gas. After fifteen minutes of airing, the room may be safely entered and the stock removed, being now ready for packing or heeling in. After fumigating, the contents of the jar should be buried. Georgia State Board of Entomology advises nurserymen to use Merck & Co.'s cyanide when in original sealed packages. See Bulletin No. 15, pages 20-23.

CHEMICALS

SODIUM CYANIDE (Merck & Co.'s 97-99%) Lumps, in origianl sealed tin packages, 1-lb. cans $1.50. Cyanide is excluded from the mails but can be shipped by express or freight.

SULPHURIC ACID (Specific Gravity 1.83). Large, glass stoppered bottles, securely packed in cases ready for shipment. 10-lb. bottle, $3.00. Sulphuric Acid cannot be shipped by express, but can be shipped by freight.

Buy chemicals of your local druggist if you can secure Merck's cyanide in unbroken, original packages, and sulphuric acid that has been kept in a glass-stoppered bottle.

ORDER BOOKS

Regular (old) Form.

Put up in books of 100 sheets, perforated at top, your name printed at top and bottom; bound in Manila cardboard. Size of book, 4x10¾ inches. Will not sell less than 500 (5 books). Sample sheet free. Price per 500 (5 books), $2.75; per 1,000 (10 books), $3.65. Postage extra, 5c per book.

ORDER BOOKS

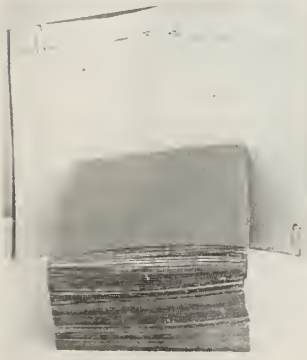
Special (new) Form.

Contains no purchase contract. Intended for special work, city trade, etc. A very neat flexible leather cover. The order sheets are in triplicate with two sheets of carbon paper. Printed in your name; top sheet white, second sheet buff, third sheet plain tissue. A very classy order book. Sample set free.

New Form—Order Book

Price for 5 pads (50 sets to pad) with cover	$3.90
Price for 10 pads (50 sets to pad) with cover	4.80
Price for pads alone per five	2.75
Price for pads alone per ten	3.65
Price for cover alone, each	1.25

DELIVERY BOOKS



Delivery Books

Bound in paper cover, ruled, showing name of customer, post office address, amount of order, how settled, etc., printed in copying ink. For 24 accounts, 50 cents per dozen, postpaid; for 72 accounts, 75 cents per dozen, postpaid; for 120 accounts, 85 cents per dozen, postpaid; 168 accounts, $1.00 per dozen, postpaid. Half dozen at dozen rates. Inexpensive and mighty handy.

PROMPT SHIPMENT

All supply orders, except printed matter, are usually shipped next train after receipt. We try to carry a complete stock at all times. Our location at Chase gives us unsurpassed facilities for quick action on rush orders—two lines of railway, ten trains per day stopping here.

SHIPPING TAGS

Extra Quality, Waterproof, Brass-Bound Eyelets
(The best tag we know of)

Printed to order, **strung ready for use.** Three sizes. All have reinforced eyelets. We have decided to offer only one grade of Tags—This Extra Quality—Waterproof. They cost but a few cents more per thousand and are cheapest in the end. A poor tag is a poor investment. Always send plain "copy" showing how tags are to be printed.

	Per 500	1,000
Size No. 5. 2½x4¾ inches, printed on one side	$2.80	$4.55
Printed on two sides	3.80	5.70
Size No. 7. 2⅞x5¾ inches, printed on one side	2.90	4.80
Printed on two sides	3.90	5.95
Size No. 8. 3¼x6⅜ inches, printed on one side	3.15	5.15
Printed on two sides	4.15	6.55

Note the new size (No. 8). This tag has plenty of room for address and Inspection Certificate on one side without crowding.

Samples on request.

LETTERHEADS AND ENVELOPES

PLATE BOOKS

We have had some special Plate Books made up, containing variety of Fruit Trees, Small Fruits, Shrubs, Shade Trees, Hedge Plants and Roses, that are all adapted to the general South. These books are bound in black leather, open at the top showing one plate at a time, containing 106 plates, with stubs for about 25 additional plates.

Price, each book $5.40

Certificate and Fumigation

Entomologist's Certificate of Inspection will accompany all shipments unless we are otherwise instructed.

Where State laws do not require certificates we can ship under plain tag if desired.

We are prepared to fumigate with Hydrocyanic Acid Gas, and will do so when requested, or where State laws require it.
